Executive Summary

An evaluation of 11,971 cleaned transactions reveals an overall platform revenue of **\$1.55 Million**. The average order value (AOV) stands at **\$129.65**, skewed upwards by premium transactions relative to the median transaction value of **\$108.50**. Product revenue is evenly balanced across key categories, while payment preferences demonstrate strong multi-channel adoption across cash, digital wallets, and credit cards.

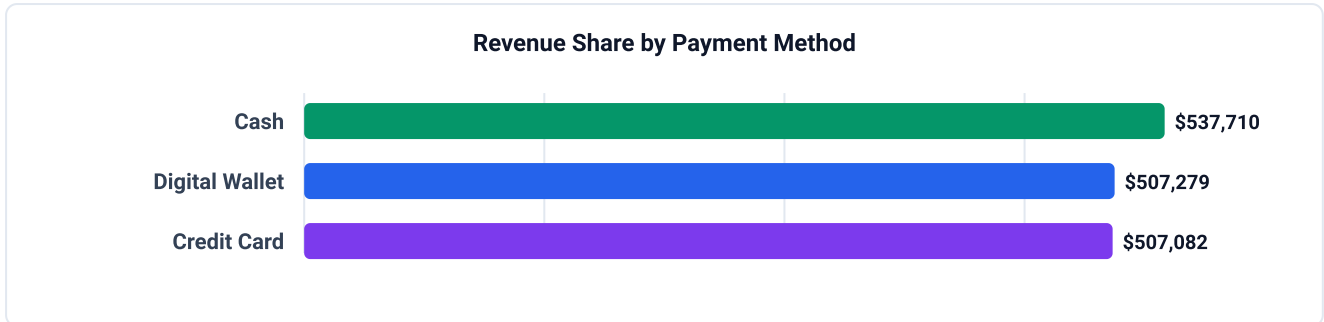

PRODUCT CATEGORY PERFORMANCE

Product performance shows healthy diversification. **Butchers** is the leading category by gross revenue, followed closely by **Electric household essentials** and **Beverages**.

CATEGORY	TOTAL REVENUE	TRANSACTIONS	AVG UNIT PRICE	AOV (\$)
Butchers	\$208,118.00	1,496	\$25.20	\$139.12
Electric household essentials	\$203,813.50	1,516	\$24.49	\$134.44
Beverages	\$197,047.50	1,496	\$23.30	\$131.72
Furniture	\$195,310.00	1,525	\$23.25	\$128.07
Food	\$194,812.00	1,507	\$23.16	\$129.27
Computers & electric accessories	\$190,692.50	1,477	\$23.10	\$129.11
Patisserie	\$182,165.50	1,441	\$23.04	\$126.42
Milk Products	\$180,112.00	1,513	\$21.34	\$119.04

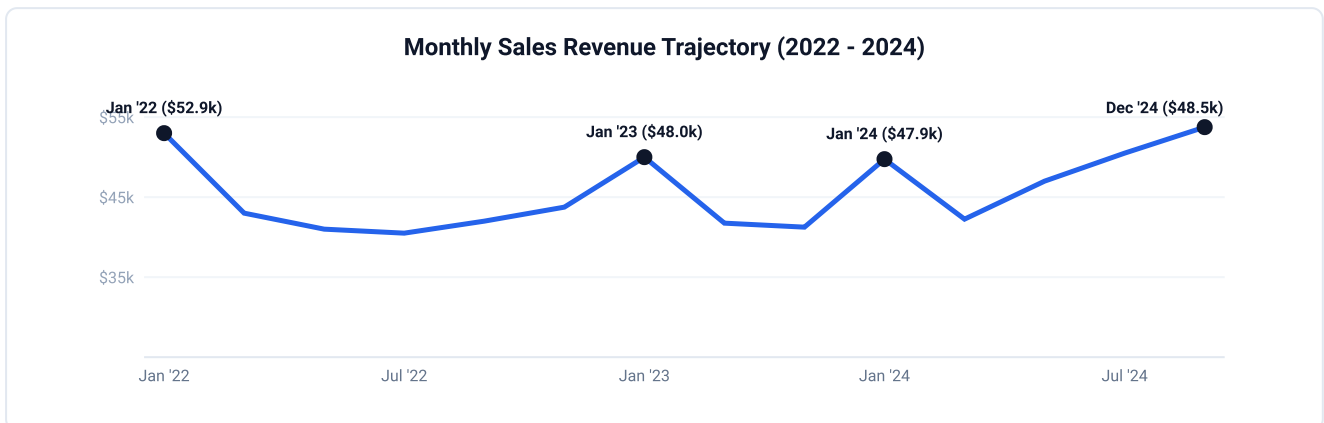

PAYMENT METHOD DISTRIBUTION

Customers exhibit near-equal distribution across all three accepted payment modes. **Cash** transactions lead total volume slightly, accounting for 34.6% of platform revenue.

MONTHLY REVENUE TRENDS & SEASONALITY

Historical revenue tracking reveals recurring seasonal spikes. Specifically, **January of every year** exhibits major demand surges (\$52.9k in Jan 2022, \$48.0k in Jan 2023, and \$47.9k in Jan 2024), followed by stabilized mid-year performance.

STRATEGIC RECOMMENDATIONS

- 1. January Campaign Preparation:** Capitalize on predictable post-holiday demand spikes in January by scheduling targeted email campaigns and stocking top categories (Butchers and Electric essentials) in advance.
- 2. Payment Friction Reduction:** Maintain seamless checkout for Cash and Digital Wallet users, ensuring prompt digital receipting and instant confirmation for wallet payments.
